You will receive login instructions in an e-mail once you register.

REMT Care Partner Coaching and Consulting, LLC

You have more clinical information on COVID-19 and the currently worldwide pandemic than you can handle. But, what about the human aspect of this situation? Healthcare workers are stressed and facing their own set of challenges. Staff morale is down and everyone is facing unprecedented situations as they try and balance work and personal lives.

Join Quality Insights and guest speaker JT Hunter, President and CEO of REMT Care Partner Coaching & Consulting LLC as we talk about how to keep healthcare staff morale up, how to maintain a healthy work/life balance, and how to support families during this pandemic.

Quality Insights is the Quality Innovation Network-Quality Improvement Organization (QIN-QIO) for Pennsylvania and West Virginia. As part of that work, we collaborate with health care providers and communities on multiple, data-driven quality initiatives to improve patient safety, reduce harm, and improve clinical care.

Please contact [Biddy Smith](#) with any questions.
